SUMMER READING PROGRAM 2017

The summer reading program at the municipal library was again a success with 200 registrations for the program. In all, the participants read 9089 books. Congratulations to all!!

Two draws for a ticket to Keystone Cinema in Steinbach were held each week. The craft, face paint and games upstairs at the library were again very popular with the participants. The overall satisfaction level of the program, according to the survey, received an average of 93 %.

One hundred and fifty-two participants were eligible for a prize and a goody bag for they had read the minimum required to merit one. Many read well over and above the required amount.

We wish to thank the businesses contributing prizes, small promotional items and a sum of money with which we could purchase prizes for the participants. Thank you to:
